

ATT Facebook Timetables

Adding your AiT Timetable to Facebook

1) Search for "Static HTML: iframe tabs" in the Facebook search box. Click on the one with the grey star as the icon.

static ht	mi	Q,
Apps		
\star	Static HTML: iframe tabs App 1,000,000+ monthly users	[
Static HTML	Static HTML App 10,000+ monthly users	
	Static HTML Iframe Tab : Custom Icons App 100,000+ monthly users	
	Static HTML Iframe Tab by Woobox App 1,000,000+ monthly users	
	Static HTML IFRAME Tab : Bookmark Icon App 100,000+ monthly users	
-	Static HTML Iframe Tab by Mooboy	

2) Click on Use App now or if it takes you straight to Add Static HTML to a page click on the button.

Static HTML: iframe tabs
Static HTML makes it simple to create powerful custom iframe tabs. We are one of the largest providers of custom tabs on Facebook, serving millions of pages.
Add Static HTML to a Page
After you add the app, go to your page and click on the Welcome tab to start editing.

3) Select the Facebook Page to add the tab to in the dropdown and click Add Page Tab.

4) Go to the centres FB home page and you will now see a new tab titled Welcome with a grey star on it. Click on it.

5) Under the content, paste the embed code under index.html for the timetable but replace the following – highlighted in yellow. NOTE – This is important because if you don't use https:// code then some older browsers won't display your timetables properly.

EXAMPLE CODE: Please ensure you use your own code for the relevant timetable from within AiT.

<iframe src='http://activeintime.com/en-gb/embeddable_timetable/5391?size=normal&width=650&height=350' width='650px' height='350px' frameborder='0' scrolling='no' allowtransparency='true'></iframe>

<iframe src='https://activeintime.com/en-gb/embeddable_timetable/5391?size=normal&width=650&height=350' width='650px' height='350px' frameborder='0' scrolling='no' allowtransparency='true'></iframe>
